210.718.0035

Serving the Transportation Industry for over 40 years in the Dallas Fort Worth Area

DTR now features our state of the art *MOBILE SERVICE REAL TIME APP**.

**This app allows customers real time information when your trailers are ready. Our technicians can send pictures if needed before and after as well as PDF files of all PM sheets and FHWA inspections. This information is sent at the time the tech has completed the job, there is no waiting for your inspection sheets. You also have the ability to manage and view all history and details at your fingertips.*
